Memorandum No. 1112

To: Board of Directors,

From: General Manager, Daniel Cozad;

Date: August 8, 2012

Subject: FY 2011-2012 Year-end Unaudited Financials

RECOMMENDATION

Staff recommends the Board review, discuss, receive and file the financial reporting presentation from staff.

BACKGROUND

Staff based on Board direction after completion of the last fiscal year audit utilized support from Rodgers Anderson Malady and Scott to closeout Fiscal Year 2011-2012. Staff wants to review with the Board some initial operating results of Fiscal Year 2011-2012. Staff is transitioning to doing the majority of the outsourced weekly accounting task in house and training new support staff. Additionally, Staff will present financials for July 2012 in September due to the short time frame in between July and August board meetings.

Initial Operating Results

Staff will review Budget versus Actual Revenue for Fiscal Year 2011-2012 included in as the unaudited financials. These appear in the consent calendar and due to audit preparation contain accruals and adjustments for the audit. Significant entries in the yearend financials include accruals for estimated receivables including groundwater changes, and reimbursements earned in 2011-12 paid in 2012-13 as well as estimated payable bills for services in the fiscal year. In addition adjustments to investment fair market value and depreciation and other non-cash entries have been posted. These entries are generally not reported except at year end for audit purposes. Salaries were below budget due to vacancies. Labor overhead needs to be allocated to all enterprises and Staff will review enterprise profit and loss after this in done. Initial profit and loss including these entries is very close to balanced; Staff expects some prior period adjustments for payments received for the prior year, actual cash position may be more or less.

Another requested measure of operating results requested by the Board is the status or change in Investment and Cash position compared to the prior fiscal period. While many changes were made this fiscal year, the sum of the changes was a reduction in investments/reserves of approximately \$185,000. This is primarily due to the prepayment of CalPERS side loan from District reserves. This prepayment of approximately \$179,000 will reduce interest expense in future years and reduce CalPERS payments, but it does reduce

District reserves. The table below shows the change in Investments and Cash from 2011 to 2012 taken from the balance sheets from June 30 of each fiscal year.

To: Board of Directors

From: Staff

OUR NAME IS OUR MISSION

Date: August 8, 2012

Subject: Conflict of Interest Code

RECOMMENDATION

Staff recommends the Board review and approve Resolution No. 480 and Exhibit A updating the Conflict of Interest Code for 2012.

BACKGROUND

The San Bernardino County Clerk of the Board of Supervisors has requested that we file the 2012 Biennial Notice for Conflict of Interest Code with any changes and the accompanying 2012 Appendix A. It is necessary to list the official position and include their respective disclosure category.

FISCAL IMPACT

There is no fiscal impact associated with this item.

RESOLUTION NO. 480

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SAN BERNARDINO VALLEY WATER CONSERVATION DISTRICT UPDATING THE DISTRICT'S CONFLICT OF INTEREST CODE

2012 UPDATE

WHEREAS, the San Bernardino Valley Water Conservation District is a water conservation district duly formed and existing under Government Code Section 74000; and

WHEREAS, under applicable provisions of the Political Reform Act, and in particular Government Code Sections 87300 and 87306, the District is required to promulgate and periodically amend its Conflict of Interest Code; and

WHEREAS, under 2 California Code of Regulations Section 18730, incorporation by reference of the terms of the above-referenced regulation, along with the designation of employees and the formulation of disclosure categories, is a permissible method of promulgating and updating a district's conflict of interest code; and

WHEREAS, the District utilizes this incorporation by reference procedure in its listing of designated employees for disclosure categories;

NOW, THEREFORE, the Board of Directors of the San Bernardino Valley Water Conservation District does hereby resolve as follows:

- 1. The District hereby incorporates by reference all the terms and conditions of 2 California Code of Regulations Section 18730 as the District's Conflict of Interest Code. This incorporation by reference includes any amendments to Section 18730 as may be duly adopted by the Fair Political Practices Commission. For ease of reference, a copy of the current version of Section 18730 is attached to this Resolution as Exhibit "A."
- 2. The employees and officials who constitute "designated employees" as set forth in Section 18730(B) (2) are listed in Appendix A attached hereto. With respect to consultants, the General Manager may determine in writing that a particular consultant, fills a "designated position," and is hired to perform a range of duties and therefore required to fully comply with the disclosure requirements described in this section. Such written determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements. The General Manager's determination is a public record and shall be retained for public inspection in the same manner and location as this Conflict of Interest Code.

Considered and adopted this 8th Day of August, 2012 by the following vote:

Amend 2 Cal. Code Regs. section 18730 as follows:

§ 18730. Provisions of Conflict of Interest Codes.

- (a) Incorporation by reference of the terms of this regulation along with the designation of employees and the formulation of disclosure categories in the Appendix referred to below constitute the adoption and promulgation of a conflict of interest code within the meaning of Government Code section 87300 or the amendment of a conflict of interest code within the meaning of Government Code section 87306 if the terms of this regulation are substituted for terms of a conflict of interest code already in effect. A code so amended or adopted and promulgated requires the reporting of reportable items in a manner substantially equivalent to the requirements of article 2 of chapter 7 of the Political Reform Act, Government Code sections 81000, et seq. et seq. The requirements of a conflict of interest code are in addition to other requirements of the Political Reform Act, such as the general prohibition against conflicts of interest contained in Government Code section 87100, and to other state or local laws pertaining to conflicts of interest.
- (b) The terms of a conflict of interest code amended or adopted and promulgated pursuant to this regulation are as follows:
- (1) Section 1. Definitions.

The definitions contained in the Political Reform Act of 1974, regulations of the Fair Political Practices Commission (2 Cal. Code of Regs. sections 18100, et seq. 18100, et seq.), and any amendments to the Act or regulations, are incorporated by reference into this conflict of interest code.

(2) Section 2. Designated Employees.

The persons holding positions listed in the Appendix are designated employees. It has been determined that these persons make or participate in the making of decisions which may foreseeably have a material effect on economic interests.

(3) Section 3. Disclosure Categories.

This code does not establish any disclosure obligation for those designated employees who are also specified in Government Code section 87200 if they are designated in this code in that same capacity or if the geographical jurisdiction of this agency is the same as or is wholly included within the jurisdiction in which those persons must report their economic interests pursuant to article 2 of chapter 7 of the Political Reform Act, Government Code sections 87200, et seq.

In addition, this code does not establish any disclosure obligation for any designated employees who are designated in a conflict of interest code for another agency, if all of the following apply:

- (A) The geographical jurisdiction of this agency is the same as or is wholly included within the jurisdiction of the other agency;
- (B) The disclosure assigned in the code of the other agency is the same as that required under article 2 of chapter 7 of the Political Reform Act, Government Code section 87200; and
- (C) The filing officer is the same for both agencies. ¹

Such persons are covered by this code for disqualification purposes only. With respect to all other

designated employees, the disclosure categories set forth in the Appendix specify which kinds of economic interests are reportable. Such a designated employee shall disclose in his or her statement of economic interests those economic interests he or she has which are of the kind described in the disclosure categories to which he or she is assigned in the Appendix. It has been determined that the economic interests set forth in a designated employee's disclosure categories are the kinds of economic interests which he or she foreseeably can affect materially through the conduct of his or her office.

(4) Section 4. Statements of Economic Interests: Place of Filing.

The code reviewing body shall instruct all designated employees within its code to file statements of economic interests with the agency or with the code reviewing body, as provided by the code reviewing body in the agency's conflict of interest code. ²

- (5) Section 5. Statements of Economic Interests: Time of Filing.
- (A) Initial Statements. All designated employees employed by the agency on the effective date of this code, as originally adopted, promulgated and approved by the code reviewing body, shall file statements within 30 days after the effective date of this code. Thereafter, each person already in a position when it is designated by an amendment to this code shall file an initial statement within 30 days after the effective date of the amendment.
- (B) Assuming Office Statements. All persons assuming designated positions after the effective date of this code shall file statements within 30 days after assuming the designated positions, or if subject to State Senate confirmation, 30 days after being nominated or appointed.
- (C) Annual Statements. All designated employees shall file statements no later than April 1.
- (D) Leaving Office Statements. All persons who leave designated positions shall file statements within 30 days after leaving office.
- (5.5) Section 5.5. Statements for Persons Who Resign Prior to Assuming Office.

Any person who resigns within 12 months of initial appointment, or within 30 days of the date of notice provided by the filing officer to file an assuming office statement, is not deemed to have assumed office or left office, provided he or she did not make or participate in the making of, or use his or her position to influence any decision and did not receive or become entitled to receive any form of payment as a result of his or her appointment. Such persons shall not file either an assuming or leaving office statement.

- (A) Any person who resigns a position within 30 days of the date of a notice from the filing officer shall do both of the following:
- (1) File a written resignation with the appointing power; and
- (2) File a written statement with the filing officer declaring under penalty of perjury that during the period between appointment and resignation he or she did not make, participate in the making, or use the position to influence any decision of the agency or receive, or become entitled to receive, any form of payment by virtue of being appointed to the position.
- (6) Section 6. Contents of and Period Covered by Statements of Economic Interests.

(A) Contents of Initial Statements.

Initial statements shall disclose any reportable investments, interests in real property and business positions held on the effective date of the code and income received during the 12 months prior to the effective date of the code.

(B) Contents of Assuming Office Statements.

Assuming office statements shall disclose any reportable investments, interests in real property and business positions held on the date of assuming office or, if subject to State Senate confirmation or appointment, on the date of nomination, and income received during the 12 months prior to the date of assuming office or the date of being appointed or nominated, respectively.

- (C) Contents of Annual Statements. Annual statements shall disclose any reportable investments, interests in real property, income and business positions held or received during the previous calendar year provided, however, that the period covered by an employee's first annual statement shall begin on the effective date of the code or the date of assuming office whichever is later, or for a board or commission member subject to Government Code section 87302.6, the day after the closing date of the most recent statement filed by the member pursuant to 2 Cal. Code Regs. section 18754.
- (D) Contents of Leaving Office Statements.

Leaving office statements shall disclose reportable investments, interests in real property, income and business positions held or received during the period between the closing date of the last statement filed and the date of leaving office.

(7) Section 7. Manner of Reporting.

Statements of economic interests shall be made on forms prescribed by the Fair Political Practices Commission and supplied by the agency, and shall contain the following information:

(A) Investments and Real Property Disclosure.

When an investment or an interest in real property³ is required to be reported,⁴ the statement shall contain the following:

- 1. A statement of the nature of the investment or interest:
- 2. The name of the business entity in which each investment is held, and a general description of the business activity in which the business entity is engaged;
- 3. The address or other precise location of the real property;
- 4. A statement whether the fair market value of the investment or interest in real property equals or exceeds two thousand dollars (\$2,000), exceeds ten thousand dollars (\$10,000), exceeds one hundred thousand dollars (\$100,000), or exceeds one million dollars (\$1,000,000).
- (B) Personal Income Disclosure. When personal income is required to be reported,⁵ the statement shall contain:
- 1. The name and address of each source of income aggregating five hundred dollars (\$500) or more in

value, or fifty dollars (\$50) or more in value if the income was a gift, and a general description of the business activity, if any, of each source;

- 2. A statement whether the aggregate value of income from each source, or in the case of a loan, the highest amount owed to each source, was one thousand dollars (\$1,000) or less, greater than one thousand dollars (\$1,000), greater than ten thousand dollars (\$10,000), or greater than one hundred thousand dollars (\$100,000);
- 3. A description of the consideration, if any, for which the income was received;
- 4. In the case of a gift, the name, address and business activity of the donor and any intermediary through which the gift was made; a description of the gift; the amount or value of the gift; and the date on which the gift was received;
- 5. In the case of a loan, the annual interest rate and the security, if any, given for the loan and the term of the loan.
- (C) Business Entity Income Disclosure. When income of a business entity, including income of a sole proprietorship, is required to be reported, 6 the statement shall contain:
- 1. The name, address, and a general description of the business activity of the business entity;
- 2. The name of every person from whom the business entity received payments if the filer's pro rata share of gross receipts from such person was equal to or greater than ten thousand dollars (\$10,000).
- (D) Business Position Disclosure. When business positions are required to be reported, a designated employee shall list the name and address of each business entity in which he or she is a director, officer, partner, trustee, employee, or in which he or she holds any position of management, a description of the business activity in which the business entity is engaged, and the designated employee's position with the business entity.
- (E) Acquisition or Disposal During Reporting Period. In the case of an annual or leaving office statement, if an investment or an interest in real property was partially or wholly acquired or disposed of during the period covered by the statement, the statement shall contain the date of acquisition or disposal.
- (8) Section 8. Prohibition on Receipt of Honoraria.
- (A) No member of a state board or commission, and no designated employee of a state or local government agency, shall accept any honorarium from any source, if the member or employee would be required to report the receipt of income or gifts from that source on his or her statement of economic interests. This section shall not apply to any part time member of the governing board of any public institution of higher education, unless the member is also an elected official. Subdivisions (a), (b), and (c) of Government Code section 89501 shall apply to the prohibitions in this section.

This section shall not limit or prohibit payments, advances, or reimbursements for travel and related lodging and subsistence authorized by Government Code section 89506.

(8.1) Section 8.1 Prohibition on Receipt of Gifts in Excess of \$360 \\$390.

(A) No member of a state board or commission, and no designated employee of a state or local government agency, shall accept gifts with a total value of more than \$360 \$390 in a calendar year from any single source, if the member or employee would be required to report the receipt of income or gifts from that source on his or her statement of economic interests. This section shall not apply to any part time member of the governing board of any public institution of higher education, unless the member is also an elected official.

Subdivisions (e), (f), and (g) of Government Code section 89503 shall apply to the prohibitions in this section.

- (8.2) Section 8.2. Loans to Public Officials.
- (A) No elected officer of a state or local government agency shall, from the date of his or her election to office through the date that he or she vacates office, receive a personal loan from any officer, employee, member, or consultant of the state or local government agency in which the elected officer holds office or over which the elected officer's agency has direction and control.
- (B) No public official who is exempt from the state civil service system pursuant to subdivisions (c), (d), (e), (f), and (g) of Section 4 of Article VII of the Constitution shall, while he or she holds office, receive a personal loan from any officer, employee, member, or consultant of the state or local government agency in which the public official holds office or over which the public official's agency has direction and control. This subdivision shall not apply to loans made to a public official whose duties are solely secretarial, clerical, or manual.
- (C) No elected officer of a state or local government agency shall, from the date of his or her election to office through the date that he or she vacates office, receive a personal loan from any person who has a contract with the state or local government agency to which that elected officer has been elected or over which that elected officer's agency has direction and control. This subdivision shall not apply to loans made by banks or other financial institutions or to any indebtedness created as part of a retail installment or credit card transaction, if the loan is made or the indebtedness created in the lender's regular course of business on terms available to members of the public without regard to the elected officer's official status.
- (D) No public official who is exempt from the state civil service system pursuant to subdivisions (c), (d), (e), (f), and (g) of Section 4 of Article VII of the Constitution shall, while he or she holds office, receive a personal loan from any person who has a contract with the state or local government agency to which that elected officer has been elected or over which that elected officer's agency has direction and control. This subdivision shall not apply to loans made by banks or other financial institutions or to any indebtedness created as part of a retail installment or credit card transaction, if the loan is made or the indebtedness created in the lender's regular course of business on terms available to members of the public without regard to the elected officer's official status. This subdivision shall not apply to loans made to a public official whose duties are solely secretarial, clerical, or manual.
- (E) This section shall not apply to the following:
- 1. Loans made to the campaign committee of an elected officer or candidate for elective office.
- 2. Loans made by a public official's spouse, child, parent, grandparent, grandchild, brother, sister, parent-in-law, brother-in-law, sister-in-law, nephew, niece, aunt, uncle, or first cousin, or the spouse of any such persons, provided that the person making the loan is not acting as an agent or intermediary for any person not otherwise exempted under this section.

- 3. Loans from a person which, in the aggregate, do not exceed five hundred dollars (\$500) at any given time.
- 4. Loans made, or offered in writing, before January 1, 1998.
- (8.3) Section 8.3. Loan Terms.
- (A) Except as set forth in subdivision (B), no elected officer of a state or local government agency shall, from the date of his or her election to office through the date he or she vacates office, receive a personal loan of five hundred dollars (\$500) or more, except when the loan is in writing and clearly states the terms of the loan, including the parties to the loan agreement, date of the loan, amount of the loan, term of the loan, date or dates when payments shall be due on the loan and the amount of the payments, and the rate of interest paid on the loan.
- (B) This section shall not apply to the following types of loans:
- 1. Loans made to the campaign committee of the elected officer.
- 2. Loans made to the elected officer by his or her spouse, child, parent, grandparent, grandchild, brother, sister, parent-in-law, brother-in-law, sister-in-law, nephew, niece, aunt, uncle, or first cousin, or the spouse of any such person, provided that the person making the loan is not acting as an agent or intermediary for any person not otherwise exempted under this section.
- 3. Loans made, or offered in writing, before January 1, 1998.
- (C) Nothing in this section shall exempt any person from any other provision of Title 9 of the Government Code.
- (8.4) Section 8.4. Personal Loans.
- (A) Except as set forth in subdivision (B), a personal loan received by any designated employee shall become a gift to the designated employee for the purposes of this section in the following circumstances:
- 1. If the loan has a defined date or dates for repayment, when the statute of limitations for filing an action for default has expired
- 2. If the loan has no defined date or dates for repayment, when one year has elapsed from the later of the following:
- a. The date the loan was made.
- b. The date the last payment of one hundred dollars (\$100) or more was made on the loan.
- c. The date upon which the debtor has made payments on the loan aggregating to less than two hundred fifty dollars (\$250) during the previous 12 months.
- (B) This section shall not apply to the following types of loans:
- 1. A loan made to the campaign committee of an elected officer or a candidate for elective office.

- 2. A loan that would otherwise not be a gift as defined in this title.
- 3. A loan that would otherwise be a gift as set forth under subdivision (A), but on which the creditor has taken reasonable action to collect the balance due.
- 4. A loan that would otherwise be a gift as set forth under subdivision (A), but on which the creditor, based on reasonable business considerations, has not undertaken collection action. Except in a criminal action, a creditor who claims that a loan is not a gift on the basis of this paragraph has the burden of proving that the decision for not taking collection action was based on reasonable business considerations.
- 5. A loan made to a debtor who has filed for bankruptcy and the loan is ultimately discharged in bankruptcy.
- (C) Nothing in this section shall exempt any person from any other provisions of Title 9 of the Government Code.
- (9) Section 9. Disqualification.

No designated employee shall make, participate in making, or in any way attempt to use his or her official position to influence the making of any governmental decision which he or she knows or has reason to know will have a reasonably foreseeable material financial effect, distinguishable from its effect on the public generally, on the official or a member of his or her immediate family or on:

- (A) Any business entity in which the designated employee has a direct or indirect investment worth two thousand dollars (\$2,000) or more;
- (B) Any real property in which the designated employee has a direct or indirect interest worth two thousand dollars (\$2,000) or more;
- (C) Any source of income, other than gifts and other than loans by a commercial lending institution in the regular course of business on terms available to the public without regard to official status, aggregating five hundred dollars (\$500) or more in value provided to, received by or promised to the designated employee within 12 months prior to the time when the decision is made;
- (D) Any business entity in which the designated employee is a director, officer, partner, trustee, employee, or holds any position of management; or
- (E) Any donor of, or any intermediary or agent for a donor of, a gift or gifts aggregating \$360 \(\frac{\$390}{} \) or more provided to, received by, or promised to the designated employee within 12 months prior to the time when the decision is made.
- (9.3) Section 9.3. Legally Required Participation.

No designated employee shall be prevented from making or participating in the making of any decision to the extent his or her participation is legally required for the decision to be made. The fact that the vote of a designated employee who is on a voting body is needed to break a tie does not make his or her participation legally required for purposes of this section.

(9.5) Section 9.5. Disqualification of State Officers and Employees.

In addition to the general disqualification provisions of section 9, no state administrative official shall make, participate in making, or use his or her official position to influence any governmental decision directly relating to any contract where the state administrative official knows or has reason to know that any party to the contract is a person with whom the state administrative official, or any member of his or her immediate family has, within 12 months prior to the time when the official action is to be taken:

- (A) Engaged in a business transaction or transactions on terms not available to members of the public, regarding any investment or interest in real property; or
- (B) Engaged in a business transaction or transactions on terms not available to members of the public regarding the rendering of goods or services totaling in value one thousand dollars (\$1,000) or more.
- (10) Section 10. Disclosure of Disqualifying Interest.

When a designated employee determines that he or she should not make a governmental decision because he or she has a disqualifying interest in it, the determination not to act may be accompanied by disclosure of the disqualifying interest.

(11) Section 11. Assistance of the Commission and Counsel.

Any designated employee who is unsure of his or her duties under this code may request assistance from the Fair Political Practices Commission pursuant to Government Code section 83114 and 2 Cal. Code Regs. sections 18329 and 18329.5 or from the attorney for his or her agency, provided that nothing in this section requires the attorney for the agency to issue any formal or informal opinion.

(12) Section 12. Violations.

This code has the force and effect of law. Designated employees violating any provision of this code are subject to the administrative, criminal and civil sanctions provided in the Political Reform Act, Government Code sections 81000 – 91014. In addition, a decision in relation to which a violation of the disqualification provisions of this code or of Government Code section 87100 or 87450 has occurred may be set aside as void pursuant to Government Code section 91003.

NOTE: Authority cited: Section 83112, Government Code. Reference: Sections 87103(e), 87300 87302, 89501, 89502 and 89503, Government Code.

¹ Designated employees who are required to file statements of economic interests under any other agency's conflict of interest code, or under article 2 for a different jurisdiction, may expand their statement of economic interests to cover reportable interests in both jurisdictions, and file copies of this expanded statement with both entities in lieu of filing separate and distinct statements, provided that each copy of such expanded statement filed in place of an original is signed and verified by the designated employee as if it were an original. See Government Code section 81004.

²See Government Code section 81010 and 2 Cal. Code of Regs. section 18115 for the duties of filing officers and persons in agencies who make and retain copies of statements and forward the originals to the filing officer.

³For the purpose of disclosure only (not disqualification), an interest in real property does not include the principal residence of the filer.

⁴Investments and interests in real property which have a fair market value of less than \$2,000 are not

investments and interests in real property within the meaning of the Political Reform Act. However, investments or interests in real property of an individual include those held by the individual's spouse and dependent children as well as a pro rata share of any investment or interest in real property of any business entity or trust in which the individual, spouse and dependent children own, in the aggregate, a direct, indirect or beneficial interest of 10 percent or greater.

⁵A designated employee's income includes his or her community property interest in the income of his or her spouse but does not include salary or reimbursement for expenses received from a state, local or federal government agency.

⁶Income of a business entity is reportable if the direct, indirect or beneficial interest of the filer and the filer's spouse in the business entity aggregates a 10 percent or greater interest. In addition, the disclosure of persons who are clients or customers of a business entity is required only if the clients or customers are within one of the disclosure categories of the filer.

To: Board of Directors

From: General Manager, Daniel Cozad

Date: August 8, 2012

Subject: IERCD Outreach Programs

RECOMMENDATION

Outreach Committee recommends the Board review and consider proposal for performance of water use efficiency public outreach programs.

BACKGROUND

The Inland Empire Resource Conservation District (IERCD) has submitted a proposal to the District for *Performance of Water Use Efficiency Public Outreach Programs* which is included in the board packet. In brief, IERCD staff would perform the programs to educate the residents within the District boundaries and include conservation information in other presentations as well. Staff proposes to work with IERCD to review the materials they develop and proceed with not more than 10 programs.

FISCAL IMPACT

The outreach program total is \$100.00 per program. The District will need to add an addendum to the signed proposal which specifies a not to exceed amount of \$1000. The funding for this effort was included in the approved fiscal year 2012-13 budget.

PROPOSAL FOR PERFORMANCE OF WATER USE EFFICIENCY PUBLIC OUTREACH PROGRAMS

Proposal To:

San Bernardino Valley Water Conservation District Contact: Daniel Cozad, General Manager 1630 W. Redlands Blvd, Suite A Redlands, CA 92373

Proposal From:

Inland Empire Resource Conservation District Contact: Mandy Parkes, District Manager 25864-K Business Center Drive Redlands, CA 92374

INLAND EMPIRE RESOURCE CONSERVATION DISTRICT BACKGROUND:

This proposal is being presented to the Board and Staff of the San Bernardino Valley Water Conservation District (SBVWCD), from the Board and Staff of the Inland Empire Resource Conservation District (IERCD). The IERCD is a public agency, headquartered in the City of Redlands and serving the residents of twenty-seven cities and unincorporated areas in San Bernardino and Riverside Counties. The District operates under the principle that the quality of the environment determines the corresponding quality of life; accordingly, IERCD board and staff perform the restoration, conservation, and education and outreach work designed to improve the quality of life for area habitats and dependent environs. Tasks associated with this work include preservation of open space, removal of invasive vegetation and replacement with appropriate native species, and dissemination of conservation information to area students and community groups.

The performance of environmental education programs to a variety of audiences within the District's service area is a key function of the Inland Empire Resource Conservation District. One full-time education coordinator and one part-time education assistant are tasked with the presentation of eight core programs on topics including importance of soil health, the need to reduce, recycle, and reuse, and the function and value of wetlands. All programs are age-appropriate and correlated to the Science Content Standards for California public schools, involve hands-on lessons, and are free to the requesting party. District educators employ a series of visual aids in communicating the core points of each program, including 3D Enviroscape® models, Global Positioning System units for outdoor sessions, and interactive PowerPoint presentations with post-program content quizzes.

Of particular importance in IERCD"s environmental education program repertoire is its "Water Use Efficiency" classroom presentation, even more so in consideration of the arid environment combined with the ever-increasing population of the surrounding region. This program provides students with content relating to the water cycle, methods of water storage and delivery both locally and statewide, the role of local conservation agencies and water providers in ensuring continued availability of drinking water, and the critical need for as well as methods of conserving this resource. The IERCD recognizes that student comprehension is key to effect desired behavior change in participants, which has led to development and implementation of pre and post-program content quizzes to determine changes in comprehension of water conservation needs/methods as a result of this program.

STATEMENT OF WORK:

At the request of the San Bernardino Valley Water Conservation District, the IERCD would like to enter into a contract wherein IERCD education staff would perform Water Use Efficiency programs to residents within SBVWCD's service area. IERCD services related to the performance of these programs include:

OUTREACH TO AREA EDUCATORS AND COMMUNITY GROUPS:

IERCD staffers will advertise SBVWCD Water programs through a variety of strategies, including on the IERCD's website, to existing IERCD contacts within SBVWCD's service area, and via direct outreach to educational campuses within SBVWCD's boundaries. Flyers advertising the program with the logos from both entities will be created by IERCD staff using professional software InDesign; once approved by SBVWCD, they will be distributed throughout the educational community in compliance with protocols outlined for advertising.

TOTAL CLASSROOM PROGRAMS TO BE PERFORMED

The number of classrooms to be performed in the 2012-13 fiscal year will not exceed that approved in the annual budget for the SBVWCD. This number shall be specified by the SBVWCD and included as an addendum to this agreement in the updated project budget.

PROGRAM CONTENT DESCRIPTION:

The options for program components depend on participant age and venue; however, all will include a combination of the following materials/activities:

- Water Conservation Enviroscape® model
- Display board with visual aides illustrating SBVWCD function, the water cycle, water capture and storage, State Water Project, IE Garden Friendly program, typical areas of water use, and methods for conservation
- Question wheel
- Water-use quiz
- PowerPoint presentation
- Interactive content test
- Handouts and small water conservation-themed prizes

All requesting parties will receive lesson plans prior to program presentation, where components of the lesson, vocabulary, and applicable standards are detailed. All content and changes of content will be reviewed by SBVWCD staff to obtain feedback before proceeding. Following the program, IERCD educators will provide follow-up content reinforcement packets and will assist interested instructors in accessing portions of the IERCD's websites with additional Water Use Efficiency content.

TRANSPORTATION:

The IERCD educator will provide transportation to and from programs, in a District or personal vehicle. Transportation costs are assumed as part of the overall per-program cost and will not be separately accounted for by IERCD staff.

INVOICING:

IERCD staff will provide detailed quarterly invoices to SBVWCD accounting staff, unless SBVWCD desires submission of invoices as a more or less frequent rate. The invoices will be payable upon review and approval by SBVWCD staff. Each invoice will consist of total number of programs performed within the service area boundary of the SBVWCD and will be billed at a flat rate, regardless of program location. All costs associated with program outreach and advertising will be assumed by the IERCD as part of the per-program cost.

FEE BREAKDOWN:

IERCD LESSON PLAN: WATER USE EFFICIENCY

Grade Level/Age: kindergarten to first / 5-7 years

Length of program: 30-40 minutes

Materials:

- 3-D Enviroscape ® model; Enviroscape accessories
- Interactive character story: "Ricky the Water Drop"
- Water cycle poster
- State water project poster
- Felt board/visual aides; water conservation cards

VOCABULARY AND KEY CONCEPTS

IERCD Educator introduces herself to class and writes program topic on board. She places the board on display in a prominent location at front of room and begins to go over key vocabulary and concepts, using corresponding visual aides for each concept covered:

- Water Conservation
- Natural Resources
- San Bernardino Valley Water Conservation District
- States of water
- Water cycle: evaporation, condensation, infiltration and precipitation
- Ground water
- Spreading Basins
- Drought
- State Water Project
- Permeable surface vs. impermeable surface

STATES OF WATER

- Concepts covered:
 - Differences among states of water, demonstrated to participating students through the use of illustrated cards and the "Ricky the Water Drop" story.
 - K.1.b: Students know water can be a liquid or a solid and can be made to change back and forth from one form to the other.
 - **K.1.c:** Students know water left in an open container evaporates but water in a closed container does not.

WATER CYCLE

- Concepts covered:
 - Physical process of water cycle

- Standard K.1.b: Students know water can be a liquid or a solid and can be made to change back and fourth from one to the other.
- **Standard K.1.c:** Students know water left in an open container evaporates (goes into the air) but water in a closed container does not.
- **Standard 1.1.a:** Students know solids, liquids, and gasses have different properties.
- **Standard 1.1.b:** Students know the properties of substances can change when the substances are mixed, cooled, or heated.
- Importance of conserving water/drought
 - **Standard K.3.c:** Students know how to identify resources from Earth that are used in everyday life and understand that many resources can be conserved.
- Sources of water for Inland Empire Residents
 - Explain concept of local water provider/sources of local water
 - Location
 - Function
 - Explain concept of conservation
 - San Bernardino Valley Water Conservation District
 - Location/Service area
 - o Function
 - Role in local water capture/recharge

PLANT USE OF WATER

- Concepts covered:
 - Uptake of water through plant roots/overview of plant-water-sunlight relationship
 - 1.2.b: Students know both plants and animals need water, animals need food, and plants need light.
 - 1.2.e: Students know roots are associated with the intake of water and soil nutrients and green leaves are associated with making food from sunlight.
 - 1.3.c: Students know the sun warms the land air, and water.

ACTIVITIES/PROGRAM OUTLINE

The educator begins the program with the story, "Ricky the Water Drop" which highlights the various states in which water can be found. Once the Educator has finished the story, she will discuss water conservation cards with students, demonstrating differences between states of water that are found in the story.

Following the story, the educator begins discussing the water cycle. The Educator will then discuss the three sources of water: ground water, surface water, and the State Water Project. The Educator will cover all three sources of water but will focus on ground water.

The Educator will then have the students circle closely around the Enviroscape ®, while explaining purpose of model and accessories used in conjunction with its water conservation message. The educator will then begin the activity which involves the following steps:

- Marking how much water is in the aquifer for later reference/asking students how water is being used in the community
- Educator will then pump water from the well and begin to fill the demonstration cup.
- Once the cup is about ¾ full of water, the Educator will then stop pumping water and check where the water line is in the ground water.
- The water line will have dropped and the Educator will point out that this community is in a drought, demonstrated by imbalance between water received and water used.
- Finally, the educator will explain the potential ramifications of this drought, which may be made worse by future lack of rain water.

The program will be wrapped up with an educator-led discussion on student ideas for conserving water in and out of homes.

IERCD LESSON PLAN: WATER USE EFFICIENCY

Grade Level/Age: 2nd-4th / 8-10 years Length of program: 40-50 minutes

Materials:

- Enviroscape ® and Enviroscape ® parts
- Water cycle poster
- State water project poster
- Water usage cards
- Gallon of water
- Felt board
- Teacher evaluations

VOCABULARY AND KEY CONCEPTS

IERCD Educator introduces herself to class and writes program topic on board. She places the board on display, ensuring visibility of the IERCD and the Water Conservation District logo, and begins to go over key vocabulary and concepts.

- Water Use Efficiency
- Conservation
- Natural Resources
- San Bernardino Valley Water Conservation District

The Educator will also cover the following vocabulary and concepts during the program:

- Water cycle
 - o Evaporation, transpiration, condensation, and precipitation
- Aquifer
- Water capture and recharge
 - Spreading Basins
- Drought
- State Water Project
- Clay soil vs. sandy soil
- Drought tolerant plants
- Permeable surface vs. impermeable surface
 - O What happens to the rain water when it hits a surface like the asphalt or concrete?

WATER USE EFFICIENCY

- Concepts Covered
 - Water required for a variety of everyday uses, in order to illustrate that the majority of residential water use takes place outside of the home.

PROPERTIES OF SOIL

- Concepts Covered:
 - Soil properties including major soil classifications and soil parent material
 - 2.3.c: Students know that soil is made partly from weathered rock and partly from organic materials and soils differ in color, texture and capacity to retain water, and ability to support of growth of many plants.
 - 2.3. e: Students know rock, water, plants, and soil provide many resources, including food, fuel, and building materials that humans use.
 - 3.3.c: Students know living things cause changes in the environment in which they live: some of these changes are detrimental to the organism or other organisms, and some are beneficial.
 - 4.3.a: Students know ecosystems can be characterized by their living and nonliving components.

WATER CYCLE

- Concepts Covered:
 - Physical process of water cycle
 - 3.1.e: Students know matter has three forms: solid, liquid, gas.
 - 3.1.f: Students know evaporation and melting are changes that occur when objects are heated.
 - Importance of conserving water/drought
 - Difference in drinking water and water used for non-consumption purposes
 - Sources of water for Inland Empire Residents
 - Ground water
 - State Water Project
 - Surface Water
 - Water capture and recharge
 - The San Bernardino Valley Water Conservation District
 - Location/Service Area
 - Function

PLANTS

- Concepts Covered:
 - Plant structures and use of water
 - **3.3.a:** Students know plants and animals have structures that serve different functions in growth, survival, and reproduction.
 - Appropriate plants for the Inland Empire Climate
 - **2.2.c:** Students know many characteristics of an organism are inherited from the parents. Some characteristics are caused or influenced by the environment.

GAME AND ACTIVITY

The Educator begins the program with a game. The students estimate how many gallons are used for various activities such as showers, washing the car, and watering the lawn. The purpose of this activity is to ensure that the students understand that the majority of water is used outside of the home and that the least amount of water is used for drinking, compared to all the other activities.

Following this activity, the educator will discuss where their water comes from. The Educator will start by discussing the water cycle. The Educator will then discuss the three sources of water:

Aguifer, surface water, and the State Water Project.

The Educator will then have the students stand around the Enviroscape and will explain the model's purpose as a method of demonstrating the relationship between water use, drought, and the need for conservation. The following concepts will be covered:

- Soil permeability (clay vs. sandy soil)
- Stormwater run off/ impermeability of surfaces
- Water usage outdoors/ best practices for reducing outdoor water use

For this activity, the educator will do the following:

- Mark how much water is in the model's aquifer with a marker
- Ask students to consider how much water is being used in the community and for what purposes
- While students are doing this the educator will pump water from the well and begin to fill up the model's cup.
- Once the cup is about ¾ full of water, the educator will then stop pumping and check where the water line is in the aquifer.
- The water line will have dropped and the educator will point out that this community is in a drought while also discussing ways in which this will affect the population.

The program will be wrapped up with an educator-led discussion on how to save water at home and at school.

IERCD LESSON PLAN: WATER USE EFFICIENCY

Grade Level/Age: 7th-8th/ 12-14 years Length of program: 45-50 minutes

Materials:

- Enviroscape and Enviroscape parts
- Water cycle poster
- State water project poster
- Water usage cards
- · Gallon of water
- Felt board
- Teacher evaluations

PROPERTIES OF SOIL

- Concepts Covered:
 - Soil properties including major soil classifications and soil parent material

WATER CYCLE

- Concepts covered:
 - Physical process of water cycle
 - **8.5.d:** Students know physical processes include freezing and boiling, in which a material changes form with no chemical reaction.
 - Importance of conserving water/drought
 - Topography and how it affects water supply
 - 7.4.a: Students know Earth processes today are similar to those that occurred in the
 past and slow geologic processes have large cumulative effects over long periods of
 time.
 - Difference in drinking water and water used for non-consumption purposes
 - Sources of water for Inland Empire Residents
 - Explain concept of local water provider/sources of water
 - San Bernardino Valley Water Conservation District
 - Location/Service area
 - Function
 - Groundwater

PLANTS

- Concepts covered:
 - Anatomy of plants, including seed, stem, leaves, roots
 - Nutrient Transport
 - 8.6.c.: Students know that living organisms have many different kinds of molecules, including small ones, such as water and salt and very large ones, such as carbohydrates, fats, proteins, and DNA.
 - Photosynthesis
 - Appropriate plants for Inland Empire climate
 - Native
 - Drought-tolerant

NATURAL RESOURCES

- Concepts Covered:
 - Natural resource use
 - Riparian systems function and dependent environs

The Educator will then have the students stand around the Enviroscape and will explain its demonstration of relationship between use and drought and need for conservation. The following concepts will be highlighted:

- Soil permeability (clay vs. sandy soil)
- Stormwater run-off and impermeability of surface/topography affect on the amount of water in the ground.
- Water usage outdoors/best practices for conserving outdoor water.

Demonstration:

- The educator will mark how much water is in the aquifer with a marker
- Students will be asked to consider how water is being used in the community, and for which specific purposes
- Educator will pump water from the well and begin to fill up the model cup
- Once the cup is about ¾ full of water, the Educator will then stop pumping water and check where the water line is in the aquifer.
- The water line will have dropped and the Educator will point out that this community is in a drought and may not get much rain next winter.
- The Educator will finish the demonstration by dropping "pollution" (food coloring) into the water to explain what happens when ground water sources are polluted.

The program will be wrapped up with a discussion on how to save water at home and at school.

Memorandum No. 1115

To: Board of Directors

From: General Manager, Daniel Cozad

Date: August 8, 2012

Subject: United Strategies (USI) Update on Potential Sale of 21 Acres

RECOMMENDATION

Staff recommends that the Board receive and file report provided by Bruce Cash of USI pertaining to potential sale of 21 acres of property located in the upper Santa Ana River.

BACKGROUND

The District entered into a finder's fee agreement with United Strategies to potentially sell 21 acres of property in October 2011. Mr. Cash periodically provides update to the Board to advise of status.

FISCAL IMPACT

There is no direct fiscal impact to the Finder's Fee Agreement. If successful in finding a buyer with an acceptable offer, the District would pay the 5% of the sales price to USI reducing the capital return from the sale of the property.

General Manager's Report

For July 19, 2012 through August 3, 2012 Daniel B. Cozad

The following report summarizes the efforts and activities during the reporting period.

- 1. Water Conservation Surface flows to the basins continue to be at low levels. Most days have flows between 5 and 10 CFS in both Mill Creek and Santa Ana River. Most flows are being used directly by surface water users. Approximately 8,100 AF recharged to date in Santa Ana and approximately 4,500 AF recharged in Mill Creek. Approximately 8 CFS State Project Water is being delivered to surface users but none is being recharged. Staff continue to work on automating the reporting of the daily flow report and converting it to be able to be updated by smart phone application to reduce trips to the field office.
- **2. Personnel/Administration/Staff** Staff is making board directed changes to PERS, COLA and conducting all annual reviews. Staff is reviewing payroll function and provided for increased functionality and reducing cost.
- 3. Finance/Budget/Audit Staff have implemented the Board's approved budget. Staff duties changes to accommodate contractor change are ongoing and will result in improved accuracy and reliability. Mostly completed work with RAMS to closeout FY 2011-2012 and prepare for the audit. Making general ledger change for accruals and balance sheet entries for year end. District staff also participated with the initial annual audit visit and provided information and support. Completing changes authorized in the Statement of Investment Policy and Treasury Management (Banking) authorized by the Board. We expect that when implemented this should provide significant efficiency and reduced costs.
- **4. Facilities Maintenance/Aggregate Management** Completing support for Resources Committee revisions of the Draft Operational Management Manual. Significant office and field meetings to support potential for Aggregate Management and Borrow Pit Restoration including meetings with USFWS, selected contractor and the Department of Water Resources. Beginning the implementation of 2012 basin cleaning by field staff and other repairs.
- **5.** Wash Plan Completing significant Conservation Strategy efforts leading with USFWS, BLM and mining partners for the Wash Plan. The ongoing work responds to the requirements for the project from USFWS without risking a jeopardy opinion. Completing technical work with mining partners on an optimum conservation strategy. Also planning for and scheduling of the next Task Force meeting. Working to implement Board direction and determine project accounting.
- **6. East Branch Extension** Coordinated with DWR and SBVMWD on plans and needs. Staff support provided for negotiation and preparation of easement documents to expedite

- completion. Submitted legal and staff changes to the draft easement and right of way agreements and provisions.
- 7. Collaborative Agreement and Enhanced Recharge Project Reviewed environmental documents and coordinated with USFWS as well as SBVMWD and their consultants on the project and the CEQA Addendum. Collaborative Agreement development is delayed due to other district legal counsel vacations, District counsel authoring changes based on feedback from facilitator by end of the first week of August.
- 8. Property/Redlands Plaza Working to renew additional leases. Needed repairs to long term leasee's units awaiting tenant actions. Termite treatment complete on Mentone house and minor repairs underway. Marketing of Mentone underway. Coordination with SANBAG and BNSF for issues with homeless on railroad track easements behind building. Staff will be reconciling the Redlands Plaza common area maintenance costs and projecting these costs for the tenants in August, no budget changes are expected.
- 9. Public Outreach and Legislative Coordinated meetings with partners related to Wash Plan and mining, water management and groundwater. Attended County Vision Meeting in Rancho Cucamonga. Worked with Highland and CEMEX on County Flood Easement. Coordinated with SB County Flood on Plunge Creek Project and a potential Cooperative Project for Flood, Habitat and Water Conservation. Coordinating with ongoing activities, City of Highland Greenspot road, EBX-2 Citrus Basin and Pipeline construction planning. Planning for collaborative projects including meeting with EVWD.
- **10. Redistricting** Preparing revisions to the redistricting plan for five divisions. Prepared map scenario alternatives for Board review and discussion at workshop in September.
- **11.** Current Board Action Implementation Implementing Board direction on budget and Wash Plan. GMs and Legal Counsels for Districts working on the Collaborative Agreement. Elements of Strategic Plan rework underway.
- **12.** Computer and IS Planning website revision and updates when staff is available.
- **13. Future Board Activities** Expected short term items for consideration
- a. East Branch Extension Easement Agreement
- b. Audit Committee meeting
- c. Strategic Plan Elements Late summer

14. District Successes

- a. RAMS, Angie and Athena worked well together to prepare accounting closeout and audit preparation.
- b. District Staff retirement was successful and well attended by field staff from all agencies and Board Directors.
