San Bernardino Valley Water Conservation District (District) is a public agency of the State of California. The District was formed by election in 1932. - c. The quality of the firm's professional personnel to be assigned to the engagement and the quality of the firm's management support personnel to be available for technical consultation.

The highest value to the District from the proposal overall will be evaluated. Cost will not be the primary factor in the selection

of an audit firm, but will be an important consideration due to the District's limited complexity and funding.

**C. Oral Presentations**

During the evaluation process, the District may, at its discretion, request any or all firms to make oral presentations. Such presentations will provide firms with an opportunity to answer any questions the District's Audit Committee may have on a firm's proposal. None, some or all firms may be asked to make such oral presentations.

**D. Final Selection**

The Board of Directors will select a firm based upon the recommendation of the Audit Selection Committee. It is anticipated that a firm will be selected and notified by March 14, 2022.
