POLICY TITLE: Conflict of Interest

POLICY NUMBER: 1020

1020.1 The Political Reform Act, Government Code §81000, et seq., requires state and local government agencies to adopt and promulgate conflict-of-interest codes. The Fair Political Practices Commission has adopted a regulation (2 Cal. Code of Regs. §18730) which contains the terms of a standard conflict of interest code. It can be incorporated by reference and may be amended by the Fair Political Practices Commission after public notice and hearings to conform to amendments in the Political Reform Act. Therefore, the terms of 2 Cal. Code of Regs. §18730 and any amendments to its duly adopted by the Fair Political Practices Commission are hereby incorporated by reference and, along with the attached Appendix A in which members of the Board of Directors and employees are designated, and in which disclosure categories are set forth, constitute the conflict of interest code of the San Bernardino Valley Water Conservation District.

1020.2 Additionally, the Board Secretary will file Form 806 as consistent with 2 Cal. Code of Regs. §18705.5 listing the prescribed information for any director who receives compensation above the thresholds specified in that section and:

Directors are required to comply with interim deadlines provided by the General Manager or they are responsible for filing their own statements with the County Clerk.

1020.4 It is the responsibility of each Director to be fully acquainted with his or her own "economic interests" under the Political Reform Act. Each Director shall notify District staff of any property interests, sources of income, business investments, gifts, loans, or any financial or economic interests of Director or Director's immediate family which may be affected by a decision before the Board. If Director has reason to believe a potential conflict of interest exists in connection with any decision or matter pending before the Board or any of its Committees, the Director shall immediately inform the General Manager and General Counsel, and seek advice as to the existence of any such conflict, and any appropriate action in connection therewith. A Director's disclosure obligations under this policy shall include a duty to inform the General Manager and the General Counsel of any financial interest which may result in a violation of Government Code Section 1090, relating to prohibited interests in contracts. In the event any Director feels that he or she does not have a sufficient understanding of the restrictions of the Political Reform Act or Government Code Section 1090, he or she at any time may request a briefing on such matters from the General Manager and General Counsel.

POLICY TITLE: Public Complaints

POLICY NUMBER: 1030

1030.1 The Board of Directors desires that public complaints be resolved at the lowest possible administrative level, and that the method for resolution of complaints be logical and systematic.

1030.2 A public complaint is an allegation by a member of the public of a violation or misinterpretation of a District policy, state, or federal statute of which the individual has been adversely affected.

1030.3 The method of resolving complaints shall be as follows:

1030.3.1 The individual with a complaint shall first discuss the matter with the appropriate Staff or General Manager related to the concern with the objective of resolving the matter informally.

1030.3.2 If the individual registering the complaint is not satisfied with the disposition of the complaint by Staff, it shall be forwarded to the General Manager. BOARD POLICY MANUAL

POLICY TITLE: Claims Against the District

POLICY NUMBER: 1040

The purpose of this policy is to provide direction to District staff from the Board of Directors for processing and resolving (if possible) account adjustment requests and property damage claims against the District. Inherent in this policy is the recognition that every adjustment request or claim will be unique, and that guidelines cannot be written to accommodate every case. Therefore, staff must use discretion and good sense in handling each claim.

1040.1 Property (Land and Improvements) Damage Claims

In the course of the District's operations, damage to land and improvements thereon occasionally occurs due to the proximity of the District's facilities to other property. When District employees are aware that property has been damaged in the course of their work, restorative measures are to be taken to return the property as close to its original condition as possible.

When a property owner informs a District employee of damage to their property (by telephone or in person), the employee receiving the claim will document in writing the time and date, and a description of the stated circumstances and allegations. Employees should respond to questions, be cordial and respectful, but refrain from commenting on liability questions.

As soon as possible after information about the damage has been received, it shall be given to the appropriate Manager. The General Manager, or his/her designee, shall investigate the property owner's allegations.

If the owner of damaged property informs a member of the Board of Directors, the information will be immediately forwarded to the General Manager. Directors should not independently investigate claims, but may go with staff, District Counsel or insurance representatives to observe.

Investigations shall be done in a timely fashion and documented with a written report, including photographs and/or interviews, when appropriate. A copy of the report shall be submitted to the General Manager.

If the investigating staff person is convinced that the damage was caused by District personnel, equipment, or infrastructure, he/she shall prepare a work order to have the damage repaired, subject to the following conditions:

- (a) Property owner agrees that the proposed repairs are appropriate and adequate;
- (b) Property owner agrees to allow District personnel access to their property to perform the repair work;
- (c) District personnel have the necessary tools, equipment, and expertise to perform the necessary work; repair work can be accomplished within a reasonable amount of time; and,
- (d) Cost of material for the repairs will not exceed \$1000.

If the cost of material for repairs is stated by claimant or estimated by staff to exceed \$1000, the owner will be asked to submit their claim in writing on a District claim form.

The General Manager shall review the damage claim and the proposed repair work. If he/she determines that the damage is the District's responsibility and that the proposed repair work is appropriate, he/she may authorize the work if the cost of material for the repairs will not exceed \$5000. A report shall be submitted to the Board of Directors describing the damage claim, including a description of the manner in which it was resolved.

If the cost of material for repairs is stated by claimant or estimated to exceed \$5000, the claim may be submitted to the Board of Directors or the District's Insurance carrier and the Board informed. . The Board of Directors shall review the claim and receive input from staff in closed session [*qualifies as "anticipated litigation" under the Brown Act*]. After reviewing the damage claim, the Board may authorize the work or may make request it be tendered to the Districts Insurance carrier. The claimant shall be notified of any action by the Committee regarding their claim.

The Board will not consider a claim of an amount in excess of the insurance deductible, including the cost of investigation, without prior written approval of the District's insurance company.

Claims in excess of the District's insurance deductible shall be forwarded to the insurance company, and the claimant shall be advised of this action.

Claims for personal injury/wrongful death shall not be investigated by District staff or directors but shall be immediately forwarded to the District Counsel and District's insurance company.

1040.2 Property (Vehicles and Unsecured Property) Damage Claims

All claims of damage to vehicles or other unsecured property shall be submitted to the General Manager. He/she shall review the damage claim and the requested restitution. If he/she determines that the damage is the District's responsibility, he/she may authorize repairs or reimbursement of expenses to an amount not to exceed \$5,000. A report shall be submitted to the Board of Directors describing the damage claim, including a description of the manner in which it was resolved.

The claim will be processed as described above if the cost of material for repairs is estimated to exceed \$5000.

1040.3 Property Damage Claims On District Form

Except for damage to land and improvements estimated to cost less than \$500, all damage claims must be submitted in writing on a District claim form. This will ensure that a claim is valid and protect important rights of the District.

If an individual does not wish to file a claim on the District form, he/she may present the claim by letter if it conforms to Section 910 and Section 910.2, California Government Code. Section 910 specifies that a claim needs to show all of the following:

- (a) The name and postal address of the claimant.
- (b) The postal address to which the person presenting the claim desires notices to be sent.
- (c) The date, place, and other circumstances of the occurrence or transaction which gave rise to the claim asserted.
- (d) A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known as the time of presentation of the claim.
- (e) The name or names of the public employee or employees causing the injury, damage, or loss, if known.
- (f) The amount claimed if it totals less than ten thousand dollars (\$10,000) as of the date of presentation of the

claim, including the estimated amount of any prospective injury, damage, or loss, insofar as it may be known at the time of the presentation of the claim, together with the basis of computation of the amount claimed. If the amount claimed exceeds ten thousand dollars (\$10,000), no dollar amount shall be included in the claim. However, it shall indicate whether the claim would be a limited civil case.

Section 910.2 of the California Government Code specifies the following:

The claim shall be signed by the claimant or by some person on his behalf. Claims against local public entities for supplies, materials, equipment or services need not be signed by the claimant or on his behalf if presented on a billhead or invoice regularly used in the conduct of the business of the claimant.

If the filed letter/claim does not meet the requirements of the California Government Code §910 and §910.2, then a letter shall be sent to the claimant informing them of this fact.

District staff shall provide no assistance to the claimant in filling out the claim form. Claimant must fill out the claim form in its entirety and submit it via mail, FAX, or personal delivery to the District office. Upon receipt, office staff shall date-stamp the document.

BOARD POLICY MANUAL

POLICY TITLE: Public Records Request Policy

POLICY NUMBER: 1050

The Public Records Request Act (Act) declares that access to information concerning the conduct of the public's business is a fundamental and necessary right. The Act requires the District to make "public records," as that term is defined in California Government Code sections 6250 et seq., available for inspection to the public and to provide copies upon written request. Requests for Public records of the District may be made at any time during regular office hours, Monday-Thursday 8 am-5 pm at the District's headquarters located at 1630 W. Redlands Blvd., Suite A, Redlands, CA 92373.

1050.1 Any Individuals requesting copies of a specific public document must submit a written request identifying the public records (s) to be inspected to the attention of the General Manager. The District has prepared a form for this purpose, which it encourages all Public Records Act requestors to use, to help expedite the District's compliance with the Public Records Act request. Members of the public may make written requests in person, by mail or via email.

1050.2 Copies of agendas and other writings (except for privileged documents) distributed to a majority of the Board of Directors at open Board meetings shall be made available to the public. A limited quantity of such documents (based on normal audience attendance) shall be copied in advance of each meeting and made available to the public in attendance at the meeting to which the material pertains at no charge.

1050.3 Any individual may review a copy of any identifiable public record or copy thereof. If the request is readily discernible and requests a public record which is immediately available, the record shall be made available for inspection or copying. Public records requested which are kept in the form of computer data shall be made available in the form determined by SBVWCD. For all other requests, the District shall determine within 10 calendar days after receipt of such request whether it has Public Records in its possession or control that it determines are responsive to the request, and within that time period shall notify the person making the request of such determination. Except with respect to public records exempt by express provision of law from disclosure, the District, upon any request for a copy of record which reasonably describes an identifiable record, or information produced therefrom, shall make the record available, or may, at the District's option, arrange to make copies upon prior payment of applicable fees. In the event the request presents unusual circumstances, including but not limited to the scope or breadth of the request, the age of the records requested, the location of storage of records likely to be responsive to the request, the availability and amount of staff time to devote to the request at the time it is made, the need to consult with other agencies or persons regarding the request who may have access to requested records, or other such circumstance, the District may extend the date for the time to respond to the request by up to an additional fourteen (14) days.

1050.4 The District may attempt to obtain additional information or clarification from the requesting party on any Public Records Act request where the District is uncertain regarding the meaning of the terms used in the request, the applicable date ranges of the records requested, the content of the documents requested, or in those instances when dialogue with the requesting party regarding the information technology, location of the storage of the records, formatting, or manner in which the records are kept by the District in the normal course of business will facilitate the identification of the specific records being requested, the manner in which the records might most feasibly be made available, or the appropriate persons on District staff to assist the requesting party secure the

records sought.

1050.5 The District may determine that it is appropriate to withhold and requested record by demonstrating that the record in question is exempt from public records disclosure under state law, or that on the facts of the particular case the public interest served by not making the record public clearly outweighs the public interest served by disclosure of the record

1050.6 Any notification of denial of any request for records shall set forth the names and titles or positions of each person responsible for the denial.

1050.7 Staff will provide and post annually the current rate for copying public documents on the District website at www.sbvwd.org. The copying fees are as follows:

- (a) For copies made by District staff: \$0.20 cents per page, including administrative staff time billed at \$60 per hour for all time involved in copying in excess of 20 minutes; unless the General Manager determines the fees are not effective to collect.
- (b) For copies made by copying service: the actual costs billed by copying service
- (c) Copies of tape records, computer records, mylars, sepia prints, maps, photographs and blueprints shall be made by a copying service, the fee for which shall be the actual costs of reproduction.

1050.8 Members of the public may not remove District records from SBVWCD's offices nor may they use SBVWCD's copying equipment. However, members of the public may examine written documents or listen to tape records of public meetings without charge under all of the following conditions:

- (a) A mutually-convenient time is arranged between the requesting party and staff;
- (b) The examination occurs in District office;
- (c) A member of staff is present at all times during such examination and, in the case of a tape recording, operating the playback machine.

1050.9 Although numerous types of records that are exempt from disclosure to the public, including those listed in Government Code section 6254, as may be amended, the following is a brief list of commonly-requested records which are not normally disclosed to members of the public:

- (a) Preliminary drafts, notes or memoranda which are not retained by the District in the ordinary course of its business;
- (b) Records pertaining to pending Government Tort Claims and litigation;
- (c) Personnel files, disclosure of which would result in an unwarranted invasion of privacy;
- (d) Certain data obtained by the District in confidence from third parties;
- (e) Real estate appraisals, engineering or feasibility estimates and evaluations used in connection with the acquisition of property;
- (f) Computer software;
- (g) Privileged Communications with legal counsel.
- (h) Trade Secrets.

1050.10 In the event a Public Records Act requests public records that do not exist on the District's email or other written electronic communication servers or services, and the District's General Manager or District Counsel determines such records may exist on personal electronic communications devices of one or more individual Directors, the District shall use the following procedure as a guide to assuring prompt, complete Public Records Act responses:

1050.10.1 The District General Manager or District Counsel will forward the Public Records Act request, or such portion as may be relevant to records not otherwise available to the District, to the Director, asking the Director to review his or her personal electronic written communication servers or services to determine if he/she has written records responsive to the request. Because Public Records Act requests are subject to strict statutory time periods for response, any Director receiving such a request shall confirm his or her receipt of same within forty-eight (48) hours, and shall provide an estimate to the General Manager or District Counsel of the time the Director requires to review his or her personal electronic written communication media to determine the existence and location of any such requested records.

1050.10.2 In the event the Director identifies responsive records on his or her personal electronic written communication media, the Director shall promptly notify the District's General Manager or District Counsel, who shall make arrangements for the electronic transfer of such records to District electronic written communication servers or storage, for review on whether the identified record(s) fits within the request, are public records, and are not otherwise subject to exemptions under the Public Records Act. The Director shall execute an affidavit in a form approved by District Counsel indicating all District-related electronic written communications in the possession of the Director responsive to the request have been forwarded.

1050.10.3 In the event the Director, after a reasonably diligent and good faith search, determines he or she has no responsive records, the Director shall promptly notify the General Manager or District Counsel of that fact, and shall execute an affidavit in a form approved by District Counsel indicating that the search was made, and no responsive records were found.

BOARD POLICY MANUAL

POLICY TITLE: Code of Ethics
POLICY NUMBER: 4010

4010.1 The Board of Directors of the San Bernardino Valley Water Conservation District is committed to providing excellence in legislative leadership that results in the provision of the highest quality services to its constituents and to comply with State laws including Assembly Bill 1234 approved in 2005.

In order to assist in the governance of the behavior between and among members of the Board of Directors and District staff, the following rules shall be observed.

4010.1.1 The dignity, style, values and opinions of each Director shall be respected.

4010.1.2 Responsiveness and attentive listening in communication is expected.

4010.1.3 The needs of the District's constituents should be the priority of the Board of Directors. When a Director believes he/she may have a conflict of interest, the legal counsel shall be requested to offer advice whether one exists or not.

4010.1.4 The primary responsibility of the Board of Directors is the formulation and evaluation of policy. Routine matters concerning the operational aspects of the District are to be delegated to professional staff members of the District.

4010.1.5 Directors should commit themselves to focusing on the business of the District, emphasizing the positive, avoiding double talk, hidden agendas, gossip, backbiting, and other negative forms of communication and interaction.

4010.1.6 Directors should commit themselves to focusing on issues and not personalities. The presentation of the opinions of others should be encouraged. Cliques and voting blocks based on personalities rather than issues should be avoided.

4010.1.7 Differing viewpoints are healthy in the decision-making process. Individuals have the right to disagree with ideas and opinions, but without being disagreeable. Once the Board of Directors takes action, all Directors commit to support said action and not to create barriers to the implementation of said action.

4010.1.8 Directors should practice the following procedures:

4010.1.8.1 In seeking clarification on informational items, Directors may directly approach the General Manager or professional staff members to obtain information needed to supplement, upgrade, or enhance their knowledge to improve legislative decision-making.

4010.1.8.2 In handling complaints from residents and property owners of the District, said complaints should be immediately referred directly to the General Manager.

4010.1.8.3 In handling items related to safety, concerns for safety or hazards should be reported to the General Manager. Emergency situations should be dealt with immediately by seeking appropriate assistance and reporting to the General Manager.

4010.1.8.4 In presenting items for discussion at Board meetings, see Policy #5020.

4010.1.8.5 In seeking clarification for policy-related concerns, especially those involving personnel, legal action, land acquisition and development, finances, and programming, said concerns should be referred directly to the General Manager and District Counsel.

4010.1.8.6 Requests for Assistance. Directors shall direct all requests for work, studies, information, or any task which is to be performed by District Staff to the General Manager. If the General Manager determines that an individual Director's request for Staff services shall result in a substantial expenditure of time or District resources, the General Manager may refer the request to the Board for its approval. In no event shall any Director make any request of Staff for information or services not related to District business. This policy shall in no way limit the authority of individual Directors to contact the General Manager and District Counsel for the purpose of inquiring about potential conflicts of interest regarding a Director's own economic interest.

4010.1.9 If approached by District personnel concerning specific District policy, Directors should direct inquiries to the General Manager.

4010.2 The work of the District is a team effort. All individuals should work together in the collaborative process, assisting each other in conducting the affairs of the District.

4010.2.1 When responding to constituent requests and concerns, Directors should be courteous, responding to individuals in a positive manner and routing their questions through appropriate channels and to responsible management personnel.

4010.2.2 Directors should develop a working relationship with the General Manager wherein current issues, concerns and District projects can be discussed comfortably and openly.

4010.2.3 Directors should function as a part of the whole. Issues should be brought to the attention of the Board as a whole, rather than to individual members selectively.

4010.2.4 Directors are responsible for monitoring the District's progress in attaining its goals and objectives, while pursuing its mission.

4010.3 The Board of Directors is committed to enhance the transparency of the conduct of the District's business, to minimize the potential inefficiencies and inconveniences that might arise from having electronic, written communications pertaining to District business on multiple locations (including personal digital devices of Directors), and to facilitating the identification and availability of public records to assure responsiveness to Public Records Act requests. In furtherance of these goals, the Board adopts the following policies relating to e-mails, text messages, instant messaging communications, and social media platforms for digital communications:

4010.3.1. The District has established, and having made available to all Directors, a District-based e-mail account, with each Director having a separate individual e-mail address that is hosted on the District's e-mail server. Directors shall make every effort to restrict all of their electronic written

communications regarding District-related business to the District's dedicated email accounts. All Directors shall sync their personal electronic data devices, including cell phones, tablets, laptop or portable computers, or any other such devices, in such a manner as to be able to send and receive email communications through the District-dedicated email accounts given to each Director. Directors shall not utilize instant messaging, text messaging, or social media messaging services in the conduct of District-related business, unless such accounts are synced to the District's email server in such a way that such messages are simultaneously stored on the District's server, or in a digital or electronic storage medium immediately accessible to the District. Any Director requiring assistance in configuring his or her electronic written communication devices to comport with the requirements of this section shall coordinate with District staff, who shall provide all necessary service to accomplish the configuration, whether in-house or through the retention of consultant services, at no cost to the Director.

4010.3.2 Directors shall make every effort not to use dedicated District email or other written electronic communication accounts for personal or non-District related business, and so far as reasonably possible, shall keep personal email, instant messaging, text messaging, and other accounts separate and distinct from District accounts. The purpose of this policy is both to assure the ready access of the District to all District-related communications, and to protect the privacy of Directors in their non-District related communications by separating them from communications that might otherwise be public records. In the event emergency situations, service outages, or other legitimately exigent circumstances make the use of District email or other written electronic communication unavailable, Directors shall retain copies of all District-related communications from personal communications accounts or services, and shall forward or otherwise transfer copies of all such communications to the District as soon as practicable.

4010.3.3 The District recognizes there may not always be bright-line certainty on what communications relate to District business, and what relate to other professional or personal interests of the Director. Each Director shall make a good faith effort with respect to his or her own communications to determine whether they are District-related. In connection with making such determination, the Director shall consider the following:

- (a) The content of the communication;
- (b) The context within which, or purposes for which, the communication is made;
- (c) The recipient or audience to whom the communication is directed; and
- (d) Whether the communication occurs within the scope of the Director's District-related activities or duties.

BOARD POLICY MANUAL

POLICY TITLE: Committees of the Board of Directors

POLICY NUMBER: 4060

4060.1 The Board President shall appoint such ad hoc committees as may be deemed necessary or advisable by himself/herself and/or the Board. The duties of the ad hoc committees shall be outlined at the time of appointment, and the committee shall be considered dissolved when its final report has been made or it is otherwise dissolved or disbanded by the President.

4060.2 Role of Committees.

(a) In order to assist in its background investigations or preliminary discussions, the Board of Directors has formed, and may form additional, committees to assist it. Unless specifically delegated by a documented action of the Board, committees shall have no authority to bind the District to any position, contract, or course of action; the sole function of committees is to assist the Board in the fact finding and other tasks necessary for legislative action. Furthermore, no vote, statement, or position taken by any Director at a committee meeting shall be binding on that Director, if and when the matter comes before the full Board. All final approval of any action taken on behalf of the District rests with the full Board, unless the Board specifically delegates document powers to the committee. The Board may at any time create or dissolve a committee, as it may from time to time deem necessary. There are two types of advisory committees of the Board: Standing and Ad Hoc Committees. Appendix "B" provides a list of current Committees.

(b) Standing Committees. All Standing Committees are created by formal action of the Board (approved by the Board and so recorded in the minutes). Such action may take the form of an amendment to this Board Policy Manual. The meetings of the Standing Committees shall be governed by, and conducted pursuant to, the provisions of the Ralph M. Brown Act in the same manner as the meetings of the Board of Directors. Any member of the Board may attend any meeting of any Standing Committee but may not participate in the vote on any question before the Committee. Minutes of the proceedings of all Standing Committees shall be kept by the Board Secretary, and shall be available to other Board members, or members of the public upon request. Standing Committees shall meet on a regular basis, as determined by the committee Chair or General Manager.

(c) Ad Hoc Committees. Ad Hoc Committees are informal, temporarily formed advisory committees to investigate or address situation-specific occurrences, and are created and filled by appointment of the President of the Board of Directors. Ad Hoc Committees shall have no delegated authority from the Board, and shall be dissolved by the President of the Board when the situation or occurrence leading to their formation is resolved their final report is completed, or when the President otherwise considers such dissolution appropriate. Ad Hoc Committees shall have no continuing subject matter jurisdiction. Only Directors appointed to an Ad Hoc Committee shall attend or otherwise participate in its meetings.

(d) Membership of Committees. No Committee shall consist of more than three members when 6 or 7 member of the board are seated and 2 when five members of the Board are seated. 4060.3 The Board President shall appoint the members of the standing committees for the ensuing year no later than the Board's regular meeting in January. The President shall announce the appointment at this meeting. President may make changes to those appointments at any time with concurrence from existing appointee being considered to be moved, switched, or requesting to be removed or the approval of the Board. President may also make appointments at any time to fill a vacancy, when needed.

4060.4 The Board's standing committees may be assigned to review specific District functions, activities, and/or operations pertaining to their designated concerns, as specified in Appendix "B". BOARD POLICY MANUAL

POLICY TITLE: Basis of Authority

POLICY NUMBER: 4070

4070.1 The Board of Directors is the unit of authority within the District. Apart from his/her normal function as a part of this unit, Directors have no individual authority. As individuals, Directors may not commit the District to any policy, position, act, or expenditure.

4070.2 Representation of the District by a Board Member. Without the prior authorization of the Board, no individual Director has any authority, directly or indirectly, to represent the District as a whole. Unless specifically authorized by a Board action, no Director shall (i) make any undertaking purporting to obligate the District in any way, or (ii) make any representation to any member of the media, the public, any local agency, or any other person that the positions or statements of that individual are those of the District.

4070.3 Directors do not represent any fractional segment of the community, but are, rather, a part of the body that represents and acts for the entire community served by the District as a whole.

San Bernardino Valley Water Conservation District

BOARD POLICY MANUAL

POLICY TITLE: Attendance at Education Seminars and Meetings of Other Organizations

POLICY NUMBER: 4080

4080.1 Policy Statement. It is the policy of the District to encourage Directors to participate in professional organizations; local, state, and national training and educational seminars; and meetings of other local organizations where such attendance has direct applicability to the primary functions of the District. The District benefits from such activities both by keeping abreast of the latest developments and issues in the field of water conservation and groundwater management, and by the expanded professional communications which occur at such events. These benefits must be balanced, however, by fiduciary obligations, budgetary limitations and an effort to avoid unnecessary duplication of representation of the District. To strike this balance, the Board's policy is to authorize Directors to attend certain conferences, and require Directors to secure the approval of the Board before attending meetings or conferences. Reimbursement, therefore, shall be made for expenses incurred by a Director only in connection with attending seminars, conferences, or meetings, as previously approved by the Board.

4080.2 Directors Appointed to Specified Positions. Directors who have been appointed by the President or the Board to serve as a member on any committee or commission are expected to attend appropriate meetings of such committees or commissions, and to report regularly to the Board regarding the activities of such committees and commissions.

4080.3 Pre-Approved Activities. Appendix "C" provides a roster of organizations and committees with Board representatives. Attendance by the appointed Directors at meetings or conferences listed in Appendix "C" is "pre-approved," and is at District expense. This roster shall be updated annually by the General Manager, to reflect the most recent appointees to the various organizations and committees listed, and may be so updated as a clerical matter, without formal action of the Board. No organization, committee, or event may be added or deleted from the "pre-approved" list without action of the Board, unless the organization, committee or event no longer meets.

Policy for Participation in Chamber of Commerce Functions or Events

The District benefits from expanded professional communications and exposure to elected officials, senior staff and other community leaders by attendance at certain chamber functions sometimes hosted by committees of the respective chambers.

As listed in Appendix "C," attendance at chamber functions is pre-approved to the extent that the above criteria or as more clearly defined in section 4080.1 in this policy manual is met.

The District recognizes the sole function and purpose for chambers of commerce and their committees is to promote, protect, advocate, monitor legislation, and advance business interest in the community. A Director will not be eligible for reimbursement of expenditures or a per diem for serving on any chamber committee, completing a leadership program offered by a chamber, taking on an ambassadorship, being a chamber board member, or serving as president of any chamber.

A Director will not be eligible for expense reimbursement or a per diem if they are in attendance on behalf of their own company or place of employment.

4080.4 All Other Conferences. For all other conferences and seminars, including voluntary attendance at meetings, any Director wishing to attend shall notify the General Manager and provide cost information with sufficient time for the General Manager to place the matter on the agenda for the next meeting of the Board. The Board may approve any request for attendance at a conference or seminar, and in so doing shall consider all of the following:

- (i) the subject matter as directly applicable to the primary mission of the District
- (ii) the quality of the conference or seminar, and its pertinence to District activities;
- (iii) the cost of participation, including both conference or seminar registration fees, directors fees, and any incidental expenses compared to the value of the conference or seminar;
- (iv) the number of other or similar conferences or seminars attended by the requesting Director in the preceding twelve (12) months; and
- (v) whether any stipend would be paid to the District for participating.

In the event notification of a seminar, conference, or meeting arrives too late for placing the matter on the Board's agenda, the General Manager may refer a request for attendance with cost backup to the President of the Board for his or her approval. The President may thereupon approve, disapprove, or conditionally approve any such request for ratification by the Board at the next regular meeting.

If the President finds that there is in fact willful disruption of any meeting of the Board, he/she may order the disrupting parties out of the room and subsequently conduct the Board's business without them present.

5030.5.1 After clearing the room of disruptive individuals, the President may permit those persons who, in his/her opinion, were not responsible for the willful disruption to remain in the meeting room.

5030.5.2 Duly accredited representatives of the news media, whom the President finds not to have participated in the disruption, shall be permitted to remain in the meeting.

5030.6 The following procedures have been set forth by the Board in determining the manner in which the Consent Calendar may be approved:

- (a) It shall not include unaudited financials;
- (b) One motion may be made for all items listed;
- (c) Any member of the board may pull an item for discussion;

- (d) The chair is to solicit, prior to the time of any action on consent calendar, whether any member wishes to remove a listed item for separate discussion and action. The request alone shall remove the item from consent calendar; no motion is needed to treat a consent calendar item separately.

BOARD POLICY MANUAL

POLICY TITLE: Board Actions and Decisions

POLICY NUMBER: 5040

5040.1 Actions by the Board of Directors include but are not limited to the following:

5040.1.1 Adoption or rejection of regulations or policies;

5040.1.2 Adoption or rejection of a resolution;

5040.1.3 Adoption or rejection of an ordinance;

5040.1.4 Approval or rejection of any contract or expenditure;

5040.1.5 Approval or rejection of any proposal which commits District funds or facilities, including employment and dismissal of personnel; and,

5040.1.6 Approval or disapproval of matters that require or may require the District or its employees to take action and/or provide services.

5040.2 Action can only be taken by the vote of the majority of the Board of Directors. The District has reduced the number of divisions of the District from seven to five which will affect the number of Directors over the next few years and thereby affect the quorum. Four (4) Directors currently represent a quorum for the conduct of business. Three (3) Directors will represent a quorum when only five (5) Directors serve on the Board. The examples below show the five member board numbers in { }

5040.2.1 A member abstaining in a vote is considered as absent for that vote. A member abstaining due to a conflict of interest does not count towards a quorum.

5040.2.1.1 Example. If four of seven {or three of five} Directors are present at a meeting, a quorum exists and business can be conducted unless the abstention is due to a conflict of interest. However, if one Director abstains on a particular action and the other three {two} cast "aye" votes, no action is taken because a "majority of the Board" did not vote in favor of the action.

5040.2.1.2 Example. If an action is proposed requiring a two-thirds vote and three {two} Directors abstain, the proposed action cannot be approved because five of the seven {four of five} Directors would have to vote in favor of the action.

5040.2.1.3 Example. If a vacancy exists on the Board and a vote is taken to appoint an individual to fill said vacancy, four {three} Directors must vote in favor of the appointment for it to be approved. If four of the seven {three of five} Directors present abstain, the appointment is not approved.

5040.3 The Board may give directions that are not formal action. Such directions do not require formal procedural process. Such directions include the Board's directives and instructions to the General Manager.

5040.3.1 The President shall determine by consensus a Board directive and shall state it for clarification. Should any two Directors challenge the statement of the President, a voice vote may be requested.

5040.3.2 A formal motion may be made to place a disputed directive on a future agenda for Board consideration, or to take some other action (such as refer the matter to the General Manager for review and recommendation, etc.).

5040.3.3 Informal action by the Board is still Board action shall be recorded in the minutes and shall only occur regarding matters that appear on the agenda for the Board meeting during which said informal action is taken.

5040.4 Confidentiality of Board Information. It is the Board's policy that any and all communications during the closed sessions of the Board are confidential, and shall remain confidential unless and until otherwise provided by law.

5040.4.1 During the term of his or her tenure as a Director, and after the end of such term, no Director shall disclose to any friend, associate, member of the media, or any other person, any information disclosed to or acquired by the Director in the closed sessions of the Board, unless specifically authorized to do so by the Board or required to do so by law.

5040.4.2 In the event a Director discloses information in violation of this policy, any Board member may request that the Board adopt a resolution of reprimand regarding the Director. Upon such a request, the matter shall be referred to and considered by the Board.

BOARD POLICY MANUAL

POLICY TITLE: Rules of Order for Board and Committee Meetings

POLICY NUMBER: 5070

5070.1 General.

5070.1.1 Action items shall be brought before and considered by the Board by motion in accordance with this policy. These rules of order are intended to be informal and applied flexibly. The Board prefers a flexible form of meeting and, therefore, does not conduct its meetings under formalized rules - Robert's Rules of Order.

5070.1.1.1 If a Director believes order is not being maintained or procedures are not adequate, then he/she should raise a point of order - not requiring a second - to the President. If the ruling of the President is not satisfactory to the Director, then it may be appealed to the Board. A majority of the Board will govern and determine the point of order.

5070.2 Obtaining the Floor.

5070.2.1 Any Director desiring to speak should address the President and, upon recognition by the President, may address the subject under discussion.

5070.3 Motions.

5070.3.1 Any Director, including the President, may make or second a motion. A motion shall be brought and considered as follows:

5070.3.1.1 A Director makes a motion; another Director seconds the motion; and the President restates the motion.

5070.3.2 Once the motion has been restated by the President, it is open to discussion and debate. After the matter has been fully debated, and after the public in attendance has had an opportunity to comment on any public hearing item, the President will call for the vote.

5070.3.2.1 If the public in attendance has had an opportunity to comment on any proposed action which requires a public hearing, any Director may move to immediately bring the question being debated to a vote, suspending any further debate. The motion must be made, seconded, and approved by a majority vote of the Board.

5070.4 Secondary Motions. Ordinarily, only one motion can be considered at a time and a motion must be disposed of before any other motions or business are considered. There are a few exceptions to this general rule, though, where a secondary motion concerning the main motion may be made and considered before voting on the main motion.

5070.4.1 Motion to Amend. A main motion may be amended before it is voted on, either by the consent of the Directors who moved and seconded, or by a new motion and second.

5070.4.2 Motion to Table. A main motion may be indefinitely tabled before it is voted on by motion made to table, which is then seconded and approved by a majority vote of the Board.

5070.4.3 Motion to Postpone. A main motion may be postponed to a certain time by a motion to postpone, which is then seconded and approved by a majority vote of the Board.

5070.4.4 Motion to Refer to Committee. A main motion may be referred to a Board committee for further study and recommendation by a motion to refer to committee, which is then seconded and approved by a majority vote of the Board.

5070.4.5 Motion to Close Debate and Vote Immediately. As provided above, any Director may move to close debate and immediately vote on a main motion.

5070.4.6 Motion to Adjourn. A meeting may be adjourned by motion made, seconded, and approved by a majority vote of the Board before voting on a main motion.

5070.5 Decorum.

5070.5.1 The President shall take whatever actions are necessary and appropriate to preserve order and decorum during Board meetings, including public hearings. The President may eject any person or persons making personal, impertinent or slanderous remarks, refusing to abide by a request from the President, or otherwise disrupting the meeting or hearing.

5070.5.2 The President may also declare a short recess during any meeting.

5070.6 Amendment of Rules of Order.

5070.6.1 By motion made, seconded and approved by a majority vote, the Board may, at its discretion and at any meeting: a) temporarily suspend these rules in whole or in part; b) amend these rules in whole or in part; or, c) both., such as for a workshop or special meeting.
