USARW Region IRWMP Project Prioritization

Note: Project prioritization to be made available on the IRWM Plan webpage.

Goals	Project	Agency/ Project Sponsor	Projected Costs
IMPROVE WATER SUPPLY RELIABILITY	IMPROVE WATER SUPPLY RELIABILITY		
	City of San Bernardino Water Recycling	San Bernardino Municipal Water Department	67,800,000
	Big Bear Area Regional Wastewater Agency Plant	Big Bear Area Regional Wastewater Agency	70,000,000
	City of Beaumont WWTP	City of Beaumont	
	City of Redlands WWTP	City of Redlands	
	Henry N. Wochholz WWTP	Yucaipa Valley Water District	
	IEUA Regional Treatment Plant 4	Inland Empire Utilities Agency	
	Central Feeder Pipeline	San Bernardino Valley Municipal Water District	\$117,000,000
	West End Pump Station	San Bernardino Valley Municipal Water District	\$10,000,000
	Riverside-Corona Feeder	West Valley Water District	\$176,000,000
	Erwin Lake Fire Flow	Big Bear Lake Department of Water and Power	
	Yucaipa Connector	San Bernardino Valley Municipal Water District	\$4,500,000
	Medical Center No. 2 Reservoir	San Bernardino Municipal Water Department	\$18,100,000
	No Updates		
	Seven Oaks Dam Borrow Pit Groundwater Recharge and Habitat Restoration Project	San Bernardino Valley Water Conservation District	\$7,700,000
	Installation of Groundwater Monitoring Wells in Santa Ana River Forebay	San Bernardino Valley Water Conservation District	\$640,000
	Rialto-Colton Basin Groundwater Recharge Study	San Bernardino Valley Municipal Water District	\$280,000
	Alluvial Fan Development Guideline	Water Resources Institute - California State University San Bernadino	
	Pellesier Ranch Recharge and Water Treatment Plant	City of Riverside Public Utilities	\$17,700,000
	Groundwater Reclamation Interagency Project (GRIP)	City of Redlands	\$9,100,000
Bunker Hill Basin Water Supply Reliability	West Valley Water District	\$13,000,000	
Santa Ana River Construction Area	San Bernardino Valley Municipal Water District	\$122,000,000	
Riverside North Recharge Basin	City of Riverside Public Utilities	\$13,500,000	

* Include: Completion of pre-feasibility study, environmental documentation, and expected implementation date

Goals	Project	Agency/ Project Sponsor	Projected Costs
	Active Recharge in the SAR Tributaries	San Bernardino Valley Municipal Water District	Unknown
	Recycled Water System Expansion	City of Redlands	\$4,858,700
	Calimesa Recycled Water Conveyance Project	Yucaipa Valley Water District	
	Beaumont Avenue Recharge Facility	San Gorgonio Pass Water Agency	\$8,000,000
	Stormwater Capture and Recharge	City of Riverside Public Utilities	\$3,000,000
FLOOD MANAGEMENT	BALANCE FLOOD MANAGEMENT AND INCREASE STORMWATER RECHARGE		
	Cactus Basins #4 and #5	San Bernardino County Parks Department	\$21,300,000
	Cactus Basins #3	San Bernardino County Parks Department	\$21,300,000
	Randall Basin	San Bernardino County Parks Department	\$1,460,000
	Sand/Warm Confluence	San Bernardino County Parks Department	
	Wilson III Basin Project and Wilson Basin/Spreading Grounds	City of Yucaipa	\$8,900,000
	Opal Recharge and Flood Control Basin	City of Redlands	\$26,000,000
	Downtown Storm Drain Project	City of Redlands	\$5,200,000
IMPROVE WATER QUALITY	IMPROVE WATER QUALITY		
	Desalter and Brine Disposal	Yucaipa Valley Water District	\$9,600,000
	City of Beaumont Desalter	City of B.	
	Sari Improvement Project		
	Big Bear Lake Management Plan	Multiple Agencies	\$260,000
	RIX Facility Basin Levee Project	San Bernardino Municipal Water Department	\$3,300,000
	Security Fencing of Groundwater Recharge Facilities	San Bernardino Valley Water Conservation District	\$1,640,000

* Include:
Completion of pre-feasibility study, environmental documentation, and expected implementation date

Goals	Project	Agency/ Project Sponsor	Projected Costs
IMPROVE HABITAT AND OPEN SPACE	IMPROVE HABITAT AND OPEN SPACE		
	Upper Santa Ana Watershed Alluvial Sage Scrub Habitat Restoration Mitigation Banking Construction Program	San Bernardino Valley Water Conservation District	
	Wash Habitat Conservation Plan	San Bernardino Valley Water Conservation District	\$800,000
	Warm Creek Restoration Project	Inland Empire Resource Conservancy District	\$63,000
	Removal of Invasive Plant	Inland Empire Resource Conservancy District	\$300,000
	San Timoteo Canyon State Park Habitat Conservation	R.L.C.	\$5,500,000
	Lytle Creek Watershed Assessment and Restoration	Water Resources Institute - California State University San Bernadino	\$260,000
	Combined SBKR and Water Recharge Enhancement - Wash Plan Implementation	San Bernardino Valley Water Conservation District	\$1,371,101
	Stanfield Marsh		
	Bogart Park Wetlands		
	BCV Forest Land Reserved		
	I.E. Sustainable Watershed Project		
	LIDS for Kids- Low Impact Development	Inland Empire Resource Conservancy District	\$237,000
	SAR Trail - Phase III	San Bernardino County Parks Department	
SAR Trail - Phase IV	San Bernardino County Parks Department		

* Include:
Completion of pre-feasibility study, environmental documentation, and expected implementation date
